GIGI'S BIG FAMILY

Immersed in the middle of nature there's a luxurious green leafy vegetable garden. Protecting and caring for this precious treasure is Gigi The Scarecrow and his extended family, composed of numerous little animals, all different, but all "brothers". The big family attentively keeps an eye on the orchard, but someone else is watching over the big Family: being Wanda, the greedy and avid mole, and "Crossed Eyed", the vindictive caterpillar, Boss of the "grubby grubs".
